THE NOC's COMMITMENT TO ANTI-DOPING

On 11 August 2003, the Singapore National Olympic Council (SNOC) accepted the World Anti-Doping *Code* (the "*Code*"). These Anti-Doping Rules are adopted and implemented as a result of the SNOC's commitment to the purposes of the World Anti-Doping Programme. They are in conformance with the SNOC's responsibilities under the *Code*, and are in furtherance of the SNOC's continuing efforts to eradicate doping in Singapore.

Fundamental Rationale for the *Code* and the SNOC's Anti-Doping Rules

Anti-doping programs seek to preserve what is intrinsically valuable about sport. This intrinsic value is often referred to as "the spirit of sport"; it is the essence of Olympism; it is how we play true. The spirit of sport is the celebration of the human spirit, body and mind, and is characterized by the following values:

- Ethics, fair play and honesty
- Health
- Excellence in performance
- Character and education
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other *Participants*
- Courage
- Community and solidarity

Doping is fundamentally contrary to the spirit of sport.
